Sarova Lion Hill Lodge

The Ups of Sarova Lion

Sarova Lion Hill Game Lodge is set on a beautiful location along "The Lion Hill" within Lake Nakuru National Park.

✓ Concealed amidst lush vegetation, the safari lodge features a classic aesthetic and timeless design with a sense of calm and relaxation.

✓ It has chalet style rooms and suites, each with its own terrace, en-suite bathrooms and private patios with stunning views of Lake Nakuru.

✓ The lodge offers world-class cuisine, a panoramic bar terrace, an organic garden, a swimming pool, an outdoor spa and several activities ideal for the family & children

✓ Sarova Lions Hill excels in the freshness and quality of product supported by the Lodge's own vegetable and herb garden. The quality is exceptional

✓ Great sundowners from the Rift Valley Bar or the chalet terraces watching the sunset over the lake with spouse, family or group. The Baboon Cliff is located on one of the highest points on the hills surrounding the lake with exciting panoramas of this part of the rift.

✓ The large grounds offer plenty of space to stretch your legs, with lovely quiet areas to relax and look out for colobus monkeys as well as abundant birdlife along the lakeshore.

Entim Mara Camp

The Ups of Entim Mara

✓ This camp is one of the most suitable for viewing the river crossings. The wildebeest herds can hesitate on the riverbank for days before taking the leap into the crocodile infested waters. This is Entim's advantage

✓ Entim's main wing overlooks the Mara River, while the private wing has an intimate bush setting, we see migration crossings from within camp. Entim guests are usually first on the scene, up close to all the action and other top animal sightings as and when they happen, without other tourist traffic around.

✓ Entim is in the heart of the Masai Mara National Reserve and this guarantees guests a value safari stay since there is no rush out of the park at 6.30pm

✓ We consider Entim as one of the camps in Masai Mara that offer great value for money. The ensuite tents are well decked for a luxurious stay with photogenic views of the reserve and the color choice for decor is homely, earthy and inviting.

✓ Entim has a spa and wellness treatments are offered from those aged 16+. This is a value addition after may be a long day of park exploration.

✓ Meals at Entim are guaranteed to please, so are the bush breakfasts and hearty sundowners. Unwinding in the evenings.

✓ Entim partners with Pack for a Purpose and Satao Foundation in a very elaborate CSR to support Molibany School giving local children a better chance to excel

Itinerary

The Acacia Africa Safari starts with an airport meet and greet service, and a transfer to a Nairobi hotel duly booked on bed and breakfast basis.,

Safari Day 1: Nairobi - Lake Nakuru N.P.

Depart from Nairobi hotel at 8.00am on a 3 hour journey to Lake Nakuru National Park via the Great Rift Valley floor witnessing amazing natural scenery as you drive by. Game drive enroute. Lunch will be served at lodge and then venture out into the park for a late afternoon game drive before dinner and overnight.

Safari Day 2, 3 & 4: Masai Mara

Early checkout and proceed to Masai Mara arriving in less than 4hrs arriving in time for lunch. 3 days in this park is adequate for a satisfying exploration in search of park animals and birds. Visit the Mara River during the wildebeest crossing events. Day 4 is good to visit a Maasai Cultural Village to learn more about these uniquely endowed people.

Day 4: Return to Nairobi

Enjoy an optional pre-breakfast game drive. Return to Nairobi after checking out, arriving early afternoon. Optional lunch at the Carnivore and a drop off at the airport for onward flight back home.

Overview & Highlights

A 4x4 private tour in a safari landcruiser (jeep). The Fever Tree Safari starts at Lake Nakuru National Park with its thousands of pink flamingos foraging the lake, Kenya's first Rhino Sanctuary and many bufalos. From there to Masai Mara, the epic of a Kenya safari with its breathtaking sights, sounds and smells of the African wilderness, and to its leading landmark - *The Mara River*.

The way enroute from Nairobi offers picturesque views of awesome escarpments, gorges, lakes and volcanic mountains. The unique signature Savannah flora which include the fever Tree, the whistling thorn tree of the acacia family appear as studded bushes and woodlands native to Africa.

Your holiday has budget options. A **standard pocket friendly safari** offering decent accommodation matched from Nairobi, **a best value safari** with deluxe accommodations and **a choice of elegant luxury** in the middle of nowhere. We recommend a minimum of 3 nights during the migration season of July to October. Masai Mara is an all-year round park and cannot disappoint wildlife enthusiasts.
